

DR DAVID ROSENBERG

SURGEON

Gossip Girl here, your one and only source into the scandalous lives of Manhattan's elite. Spotted: veteran *Vogue* models, Hollywood starlets and Park Avenue princesses slipping into Rosenberg's Upper East Side clinic. His age-defying facelifts are the talk of the town. Instead of pulling foreheads tellingly taut, he tweaks the lower half of the face, nuking wobbly jowls and sculpting swan-like necks – all the better to flash your Harry Winstons at the Met Ball. Later this year, he'll be flinging open the doors to his fabulous new surgical centre on East 64th Street. Diaries at the ready. *Price based on individual consultation (drdavidrosenberg.com or 00 1 212 832 8595).*
